Greetings!

Welcome to Kumoricon 2007.

This Pocket Programming Guide should help you find all the events and information you want quickly and easily.

Enjoy the convention!

Policies Quick Reference

Please be sure to read the full policies in the main convention book. Details of selected policies are repeated here for your convenience:

Age Requirements

- 12 and under – Can attend all events that do not have an age restriction until convention curfew at midnight, and must be accompanied by a parent or legal guardian paid attendee.
- 13-17 – Can attend all events that do not have an age restriction until convention curfew at midnight, and must have a Parental Permission Form on file by check-in.
- 18 and over – Can attend all events at the convention, including age-restricted events by showing government-issued photo ID at the door to such events.

Lanyard

When you check in, you will receive a lanyard for your badge. This is proof that you've checked in and the best way to keep your badge on your person. Keep the lanyard attached to your badge and visible at all times. This is the easiest way for the staff to know that you are allowed inside the convention space. If we can't see your lanyard, we might stop you on your way to something fun!

Masks

Changed policy: Masks are not allowed to be worn in the hotel lobby, restaurant, and espresso bar areas. Masks are allowed in other convention areas and event rooms.

Con Tips

Know the area!

It's good to get a general understanding of the layout of the convention itself, but it's even better to get to know the local area. Restaurants, shops, parks, and other places are all good to know. If you are meeting others who may not know the area, locate a fairly easy-to-find landmark at the convention: an elevator, near the bathrooms, anything that is easily recognized and found by other convention goers. This also serves as a place to meet up if you get separated.

Try to avoid the main lobby and other high traffic areas, as it will be much easier to find each other in less crowded areas.

Planning is the key to survival!

Overwhelmed with all that is going on? So many events and so little time? This pocket guide and the main convention book are all extremely helpful in knowing when something is going on, and from there you can decide on what to attend. Look over the schedule at the beginning of the con so you don't miss events you would have liked to attend. There are multiple things going on at all times so you may need to prioritize!

Make notes of where the rooms are that you want to visit, so you aren't scrambling at the last minute, trying to find out where Viewing 2 room is.

Take care of yourself!

Although there may be so many events you would like to attend, it's also ok to relax and take in the experience instead of rushing to see and do everything you could possibly want. Pace yourself, drink lots of water, eat good meals, and have fun. Don't run yourself ragged, or you might take home a cold (or worse) along with your anime goodies!

Budget your spending!

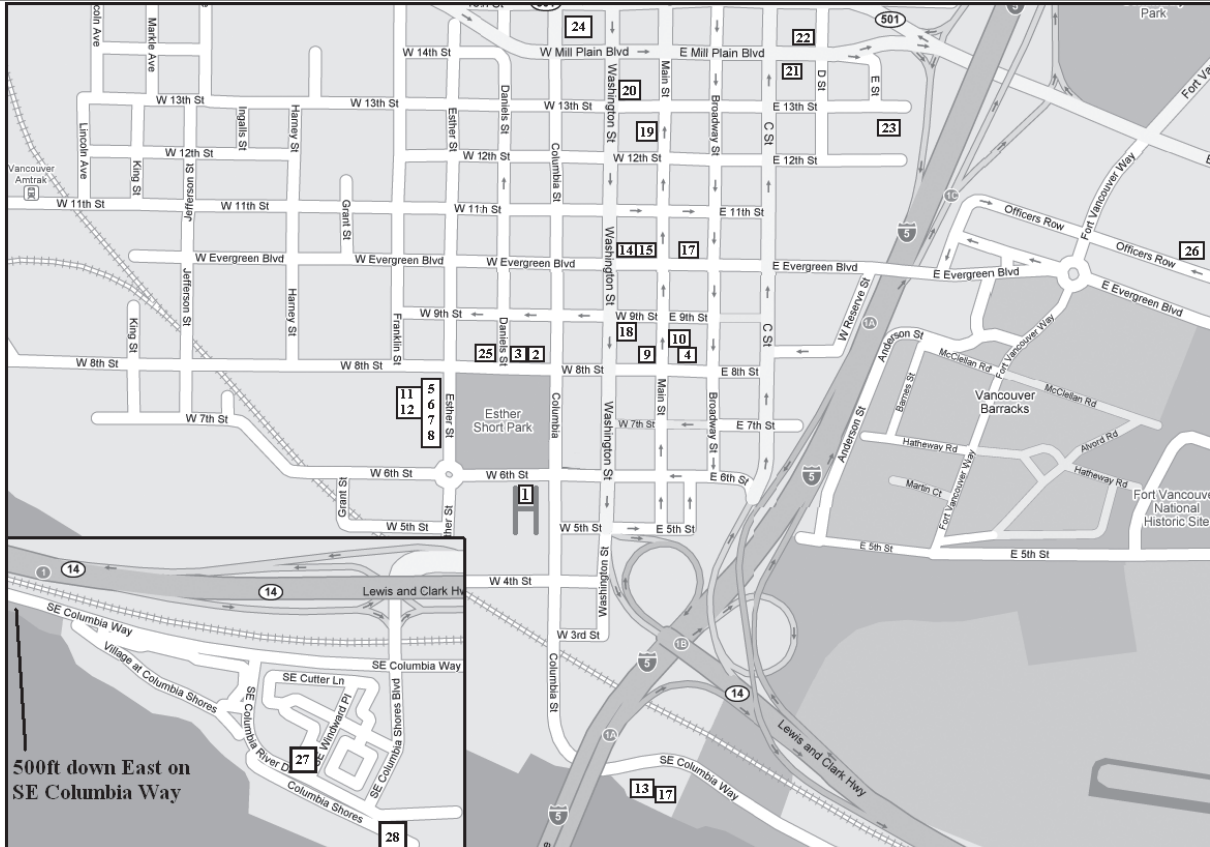

Don't drain your wallet on the first day. Good things can surface later in the convention, so set a budget for each day so you'll have enough left over when that special something pops up near the end.

Don't lose your badge!

This explains itself, really. Avoid the headache, make sure you have that badge at all times!
