LETTER FROM THE CHAIR

2004 is a year I will never forget. There is an entirely mundane reason for this: it was the year I graduated from high school and, later, left home and enrolled in college. But 2004 was much more than a part of my coming of age story. It was the year that Fullmetal Alchemist finished airing in Japan and began airing in the United States. It was a great time to be an anime fan. It was also the year of my first Kumoricon.

It may seem odd to reminisce about this twelve years later, but I cannot help noticing some rather striking similarities to 2016. In 2004 Kumoricon changed its dates from Thanksgiving weekend to Labor Day weekend and moved from Springfield to Portland. It was, I suspect, a weighty decision. A calculated risk with no guarantee of success. Yet, it was also the change that ultimately allowed Kumoricon become what it is today. At the time, it was also a decision I was completely unaware of.

This year Kumoricon is making a similar transition. This time, it's a decision that I'm intimately familiar with. It's taken a lot of work over the last few years that wouldn't have been possible without the dedication of our staff and the enthusiasm of our attendees. We may have worked out the details, but you are the ones that enabled us to take this step forward. Thank you.

And so, without further ado, it is my pleasure to welcome you this Halloween weekend to Kumoricon 2016 at the Oregon Convention Center!

Of course, our date and venue aren't the only new things at Kumoricon this year. We are excited to host our very first fashion show, featuring both the Japanese brand galaxxy and model, musician, and voice actress Neeko!

I'm also extremely pleased to host Studio TRIGGER as our first Japanese animation studio. You may know them from their works such as Kill la Kill, Little Witch Academia, and Kiznaiver, among others. They're celebrating their 5th anniversary this year, so be sure to congratulate them on their success!

Just because we've moved doesn't mean everything is changing though. We still have the fan panels and events that help shape Kumoricon's identity as a fan-run convention. Musical guest Kieran Strange is back with some new material, and we've got another awesome lineup of English VAs, including Austin Tindle, Caitlin Glass, D.C. Douglas, Eric Vale, and Sonny Strait.

2016, like 2004, is still a great time to be an anime fan. Where will Kumoricon go from here? I can't say. That's a decision we'll all need to make together. I look forward to seeing our answer. But I do know one thing. 2016 is a year I will never forget.

P.S. We've got some more awesome announcements at closing ceremonies this year that you won't want to miss!

Consular Office of Japan in Portland
1300 S. W. Fifth Avenue
Suite 2700
Portland, Oregon 97201

October 27th, 2016

Greetings from the Consul General of Japan

It is with distinct pleasure that I welcome all of the guests, attendees, volunteers and participants of Kumoricon 2016!

As the new Consul General of Japan in Portland and a recent arrival in the Northwest I am greatly looking forward to attending my first Kumoricon and the Consular Office of Japan in Portland is eager to take part in this exciting event, offering support and information on the culture, language and people of Japan.

As the home of Darkhorse Comics and Laika Studios, Portland has a longstanding and vibrant connection to the world of comics and animation. In April of last year our office was honored to present the 8th Annual International Manga Award to local author and artist Kelly Sue DeConnick for her work *Pretty Deadly* and we look forward to greater involvement and interaction with the creative community throughout Oregon and southern Idaho.

I would like to express my appreciation and gratitude to Altonimbus Entertainment and all of the organizers of Kumoricon 2016, as well as to all of the volunteers and attendees who help make this such a successful event. Your passion and your efforts help to build bonds of friendship and understanding between our two countries and I hope you will continue to deepen your knowledge of and connection to Japan.

Most sincerely,

Kojiro Ychiyama
Consul General of Japan

GUESTS OF HONOR: VOICE ACTING

D.C. Douglas

D.C. Douglas will forever be known as either the sinister voice of Albert Wesker (**Resident Evil**), screaming “Chriiiissss” as he melts in a lava lake, or as the soulful voice of Legion in the **Mass Effect** series, pulling on the heartstrings of fans around the world. These roles are a far cry from his other roles, such as the persnickety alien Zepht in **Star Trek: Enterprise** or the logical autobot Chase on Discovery Family’s **Transformers: Rescue Bots**. And we can’t forget him as Bud in **Sharknado 2**.

You may also know D.C. from animated series such as: **One Piece** as X Drake, **Naruto / Naruto: Shippuden** as Gari, **Hajime no Ippo: Champion Road** as Makunouchi Ippo, **Regular Show** as Col. Rawls (in the final season), **Family Guy** as Superman, several new anime coming from Bang Zoom! Entertainment, and many more.

But of course D.C. Douglas is best known for lending his voice to video games, like **Final Fantasy XV** as Weskham Armaugh, **Zero Escape 3** as Zero, **Xenoblade Chronicles X** as H.B., **The Legend of Heroes: Trails of Cold Steel I** and

II as Rufus Albarea and Valimar, **Fire Emblem Fates** as Gunter, **Persona 4: Dancing All Night** as Dance Instructor, **Resident Evil: Umbrella Corps / Revelations 2 / The Mercenaries 3D / The Darkside Chronicles / Resident Evil 5 / The Umbrella Chronicles** as Albert Wesker, **Marvel vs. Capcom 3: Fate of Two Worlds**—all—as Albert Wesker, **Mass Effect 2 and 3** as Legion, **Street Fighter X Tekken** as Raven and Eddie Gordo, **Tekken 6** as Raven, **BlazBlue: Chronophantasma** as Azrael, **Tales of Vesperia** as Alexei Dinoia, and **Eternal Sonata** as Jazz.

You can find D.C. Douglas online: www.DCDouglas.com | twitter.com/DC_Douglas

Sonny Strait

Most recognized as the voice of Krillin on the wildly popular animated TV show **Dragon Ball Z** and as an illustrator for arguably the most famous, independently published comic book series **Elfquest**, **Strait** has over 20 years of experience in the arts.

As a voice actor, Strait is considered to be one of the most recognized in the business. Besides **Dragon Ball Z**, he has worked on many popular animated series including Usopp in **One Piece**, Maes Hughes in **Fullmetal Alchemist**, and Cartoon Network’s laid-back robot host **Toonami TOM**. He has also worked as a writer and director on several TV series including the **Dragon Ball** series, **Case Closed**, and **Lupin the Third**.

As a comic book artist, he has 17 published works to date including his debuted self-published series **Mr. Average** featured in *The Comics Journal*, and **Elfquest**, which was published by both **WARP Graphics** and **DC Comics**. He’s considered one of the top **Elfquest** artists from its over 30 year history.

In 2007, he wrote and illustrated a graphic novel about a reluctant punk rock faerie princess named Goat. The book, called **We Shadows**, was published by Tokyopop and was nominated by The American Library Association for Best Graphic Novel 2008. The book received glowing reviews in many trade magazines including *Publishers Weekly*, *Newtype*, *Play*, and *Anime Insider*.

He has also appeared in many video games such as the title role in ‘**Splision Man**, the psychos in **Borderlands**, and Neptune in **Smite**.

Recently, Strait has reprised his roles of Krillin in the theatrical release **Dragon Ball Z: Resurrection ‘F’** and Toonami TOM 1 in the **Intruder II** series for Cartoon Network. He was also cast in his current favorite roles of Koro Sensei in **Assassination Classroom** and Maple in **Show By Rock**.

In 2015, Sonny returned to directing, starting with the anime series **Maria the Virgin Witch**, **Mikagura School Suite**, and the highly controversial **Prison School**. He has also returned to **Elfquest** as a colorist for Dark Horse Comics. He also did a Ford commercial as Krillin!

GUESTS OF HONOR: VOICE ACTING

Eric Vale

Eric Vale can eat an entire Quarter Pounder with Cheese in a single bite. He crossed the English Channel riding on the antlers of a Canadian moose. His favorite time of the year is dinnertime. This man has voiced characters such as Trunks in **Dragon Ball Z**, Sanji in **One Piece**, Yuki in **Fruits Basket**, Kymblee in **Fullmetal Alchemist**, America and Canada in **Hetalia**, and most recently Nishiki in **Tokyo Ghoul**. You can also hear him on radio and TV as the voice of the **Dallas Stars** and **Dave & Busters**. But wait! That's not all! He also wrote and produced the feature film **Chariot**, which is quite possibly the greatest American movie ever made. He's written screenplays as well as scripted over 50 anime programs and he's a full-on, for reals published writer. Eric has also directed for film and stage. So he sounds pretty busy, right? Well, tack on the fact that he's a husband and father of three and you'll understand why he always looks so tired. He began studying the world of

entertainment when he was only 12 years old, and he never looked back. Living a "normal" life with "normal" people isn't something Eric would know how to do. It's not something he'd want to do. The best thing he can say about life is that you have your options; you can be safe or you can be crazy. Guess which one he chose?

Caitlin Glass

A voice actress and ADR director, best known for the role of Winry Rockbell in **Fullmetal Alchemist**, Caitlin has been working in the anime industry since 2004. In 2008, Caitlin directed the widely popular fan favorite, **Ouran High School Host Club**, as well as playing Haruhi Fujioka. Caitlin also lends her voice to Rose in **Tales of Zestiria**, Elma in **Xenoblade Chronicles X**, and Cammy White and Decapre in the **Street Fighter IV** and **Street Fighter V** series of video games.

Other well-known roles include Petra in **Attack on Titan**, Diancie in Pokémon's **Diancie and the Cocoon of Destruction**, Hannah in **Black Butler II**, Miria in **Baccano**, Satellizer in **Freezing**, Vivi in **One Piece**, Evergreen in **Fairy Tail**, Yakumo in **School Rumble**, and Kim in **Soul Eater**.

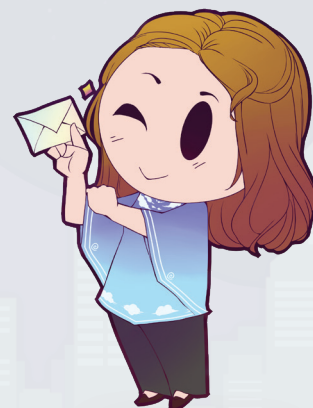

2015 was a big year for Caitlin, adding Kirigiri in **Danganronpa: The Animation**, Miho Amakata in **Free! Eternal Summer**, Lilith in **Absolute Duo**, Michael in **Maria the Virgin Witch**, Kimi in **Tokyo Ghoul**, Mitsuko in **Yurikuma Arashi**, Hanayo in **Selector Infected WIXOSS**, Erica in **Gangsta**, Himeko in **The Rolling Girls**, Natsume in **Tokyo Ravens**, Rumina in **Mikagura School Suite**, Makina in **Ultimate Otaku Teacher**, Young Ragna in **BlazBlue Alter Memory**, Minami in **D-Frag!**, Ami in **Noragami Aragoto**, and Retoree in Show By Rock!! to her already prolific list of anime roles.

This year is shaping up to be exciting as well, with the releases of **Lord Marksman** and **Vanadis** (Eleonora and ADR Director), **Love Live! School Idol Project** (Maki Nishikino and ADR adaptive script writer), and the highly anticipated video game **Battleborn**, in which Caitlin portrays the dark elf ranger, Thorn.

Caitlin's directing credits include **Fullmetal Alchemist: Brotherhood**, **Chäos;HEAd**, **Gunslinger Girl -Il Teatrino-**, **Linebarrels of Iron**, **Murder Princess**, **Suzuka**, **One Piece**, **Absolute Duo**, **Maria the Virgin Witch**, **Riddle Story of Devil**, **Noragami Aragoto**, and **Show by Rock!!**, all as an ADR Director for FUNimation Entertainment. She has also lent her adaptive writing skills to Bang Zoom! Entertainment for such titles as **Durarara!!x2**, **Yuki Yuna is a Hero**, and **A Lull in the Sea**.

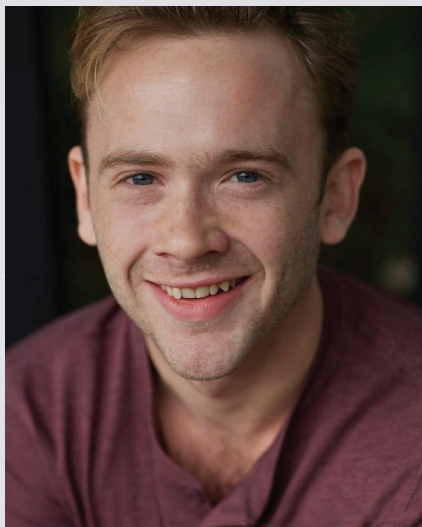

For a complete list of her work, check out <http://www.behindthevoiceactors.com/Caitlin-Glass/>

You can follow Caitlin on Facebook at [Caitlin Glass Voice Actor](#), [@caitlinsvoice](#) on Twitter, and [glasscaitlin](#) on Instagram!

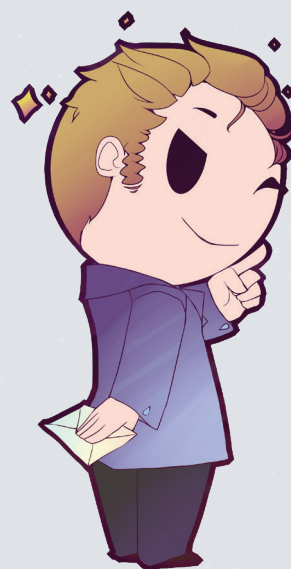

GUESTS OF HONOR

Austin Tindle

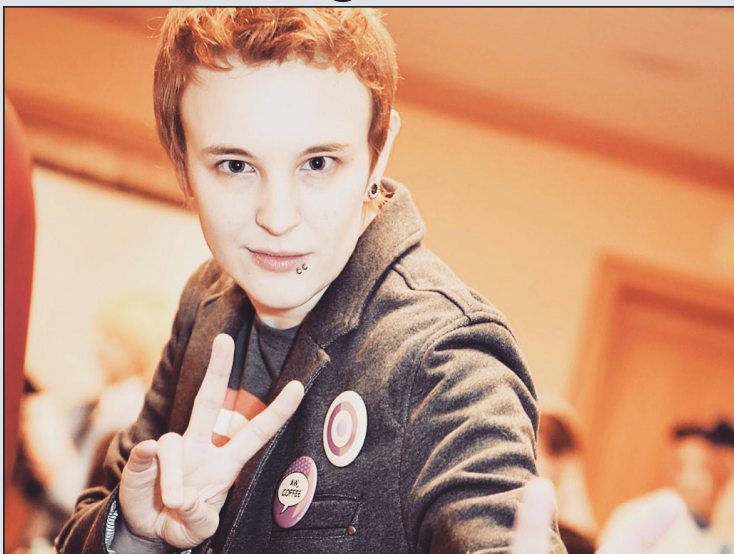

Voice Acting Guest of Honor

Actor and writer **Austin Tindle** was born in Orlando, raised in Austin, and now lives in Dallas. At 19 he was going to school to become an electrical engineer, but was cast as Romeo in a stage play and changed his major on the spot. These days you can find Austin on the stage in Dallas at the Kitchen Dog Theatre, WaterTower Theatre, Theatre Three, Stage West, Shakespeare Dallas, Project X, Second Thought Theatre, Nouveau 47, Upstart Theater, and many others. You may have also heard Austin lending his voice to a variety of FUNimation projects including Ayumu Aikawa in **Is this a Zombie?**, Accelerator in **A Certain Magical Index**, Shu Ouma in **Guilty Crown**, Marco Bott in **Attack on Titan**, Karma in **Assassination Classroom**, and Kaneki in **Tokyo Ghoul**.

Kieran Strange

Musical Guest

He's been compared to Tony Stark, Ramona Flowers, Hawkeye, and Tank Girl!—but IRL, he's **Kieran Strange**, a quirky and powerful young artist blending pop sensibilities, dynamic guitars, and high-energy live shows into his own brand of British pop-punk. At the age of seventeen, he left his parents, family, and small English fishing village behind in order to chase his dream of making music; he traveled to Vancouver, Canada where he now resides, writing and performing songs about rebellion, relationships, and RPGs.

Standing firmly as a voice for the different and discarded, Kieran came out publicly as genderfluid in 2014 with the release of the **Tear Down The Wall** music video, and changed his pronouns from “she” to “he” in the summer of 2016. These days, he always makes sure he is open, outspoken, and passionate in his beliefs; some of the causes he fights to support include LGBTQ+ issues and rights, feminism, autism awareness, racial equality, and many other forms of mental health and suicide awareness.

Hot on the heels of his past releases—**Adamantine Heart** (2012) and **Last Hero Standing** (2015)—the bedheaded geek has toured multiple countries (including Canada, US, UK, and Japan), played hundreds of shows, conventions, and festivals, and is currently working on multiple singles to release in 2016/17! Along with Tasty Peach Studios, he's one of the minds and voices behind KonekoYO!, as well as the founder of the #ifeelinvincible and #cosplaynotconformity cosplay and con scene mini-movements. He encourages you to check out The Kaleidoscope Project on Facebook—a safe haven he has created to inspire, encourage, and educate LGBTQ+ geeks and their allies!

Shoot him a tweet at @kieranstrange during the con and say hi! (And in case you're wondering, Kieran is comfortable with He/Him/His and They/Them/Their pronouns, and encourages that you letting him know what your preferred pronouns are when you meet him! ;D)

THE SUPER-DUPER LGBTQ+/ SAGA PANEL (ALLIES WELCOME!)

Sun 12:30 pm - 1:30 pm – **Panel 1 (C123)**

LGBTQ+ issues, nerd culture, and the convention scene have been likely partners for many years now. Our panel of queer- and ally-identifying hosts will guide a thoughtful, tolerant, and open-minded discussion on non-heteronormative characters and themes, safety and inclusion at conventions, and how we have possibly used fanworks to explore our own genders and sexualities. Call us Queer Geeks Anonymous: This panel (which is sponsored by Kieran Strange and friends' LGBTQ+/SAGA geek group The Kaleidoscope Project) is a great one for both queer-identifying people, as WELL as allies old and new who may have questions about certain aspects of the queer community. We want to help you to learn, grow, understand, and therefore become better allies—and so we encourage and maintain a super-duper inclusive atmosphere in a judgement-

free space for **everybody's** comfort!

THE WAY THINGS ARE (OR THE TRUTH ACCORDING TO ERIC VALE)

Fri 2:00 pm - 3:00 pm – **Live Events 1 (B115-B116)**

Have you ever asked a question and felt like you weren't getting a straight answer? Ever wondered what it would be like to ask a voice actor a question if the veil of diplomacy and political correctness was lifted? Then bring it. Any question you want answered will be answered in a Q&A the likes of which you've never seen, as Eric Vale speaks his mind in his usual brash and blunt fashion, without concern for societal norms or human feelings. Ask him whatever your devious little mind can stir up. Anime, actors, politics, his bathroom habits, anything. You have been warned.

DANCE LESSONS

BALLROOM DANCE LESSONS

All of our instructors are skilled dancers with years of experience. From ballroom competitions to social dance clubs to the professional classroom, our staff aim to help you feel comfortable and confident on the dance floor. Please feel free to come to us with any questions you may have, and we will assist you to the best of our ability. Thank you for your enthusiastic support!

DANCE LESSON—ARGENTINE TANGO

Fri 5:30 pm - 6:30 pm – **Arena** (Oregon Ballroom 203/204)

Born in the heart of Buenos Aires, the Argentine Tango is deeply rooted in tradition and partnership. It is usually a slower dance composed of stalking walks, light flicks of the foot, and a frame reminiscent of a passionate embrace; its deliberate execution bears such a thick sensuousness one nearly chokes on it. A cultural masterpiece that we are fortunate has found its way here.

DANCE LESSON—CHA CHA

Fri 9:00 am - 10:00 am – **Arena** (Oregon Ballroom 203/204)

One of the five International Latin dances, the Cha Cha (not the Cha-Cha-Cha) known for its regular syncopations, is a fast and upbeat dance commonly taught first to newcomers of the International Latin style. Get ready for fancy footwork and flaunt your feathers with the staple of Latin dancing.

DANCE LESSON—EAST COAST SWING

Fri 12:00 pm - 1:00 pm – **Arena** (*Oregon Ballroom 203/204*)

The modern adaptation of the iconic Lindy Hop, the East Coast Swing is the star-child to inherit the swing genre in the modern age. True to its stylistic roots, it enjoys a huge following, danced all over the states for the aficionados of suspenders, polka dots, and big band jazz. If your look is so out of style that it's totally in style, don't miss the East Coast Swing.

DANCE LESSON—FOXTROT

Fri 10:00 am - 11:00 am – **Arena** (*Oregon Ballroom 203/204*)

A key staple to the International Standard dances, the foxtrot boasts the greatest degree of versatility and style among its peers. Pairing naturally to the musical giants of the 50s and 60s (looking at the Rat Pack here), those comfortable with the foxtrot will find themselves swinging across the floor with a classic grace. Beware however as this is not the easiest dance to jump into.

DANCE LESSON—QUICKSTEP

Fri 6:30 pm - 7:30 pm – **Arena** (*Oregon Ballroom 203/204*)

Hopping, prancing, kicking, and flicking are the staples of this International Standard dance. The most energetic style danced in a closed frame, dancing a proper quickstep gives the impression the couple is flying just off the surface of the floor. An incredibly versatile dance in its own right, the quickstep is as much a challenge as it is a pleasure to dance.

DANCE LESSON—RUMBA

Fri 11:00 am - 12:00 pm – **Arena** (*Oregon Ballroom 203/204*)

Cha Cha's slower and sultrier brother, the Rumba is the expressive soul of the International Latin dances. As another incredibly versatile dance, understanding the rumba will show you a whole new meaning to the term "slow dance".

DANCE LESSON—SALSA

Fri 2:00 pm - 3:00 pm – **Arena** (*Oregon Ballroom 203/204*)

Is it a Colombian dance? Is it a Cuban dance? Well there are a plethora of adherents to both and both enjoy a popular following throughout the United States. We are proud to announce that... we're only teaching the LA style. Ok, so there's some (or a lot) of room we won't cover, but that shouldn't stop you from learning what is probably the most famous and popular social dance in the US. If you want to learn how to shake your hips at any outing, you have to learn salsa.

DANCE LESSON—SLOW WALTZ

Fri 1:00 pm - 2:00 pm – **Arena** (*Oregon Ballroom 203/204*)

Originally known as the Boston Waltz, having taken form on our east coast, the slow waltz as it is now called is perhaps the most widely practiced International Standard dance. Usually serving as both the greenhorn's first foray into the genre as well as being the perfect intro into the more iconic Viennese version (the word version perhaps being unfit here as it is the originator of "waltzing"). This is a must-learn if one wants to master the International Standard styles.

DANCE LESSON—VIENNESE WALTZ

Fri 3:00 pm - 4:30 pm – **Arena** (*Oregon Ballroom 203/204*)

If you're thinking about dancing hand-to-hand under ornate chandeliers with hoop skirts twisting and turning while seamlessly transitioning from partner to partner, you're thinking about the Minuet, not the Viennese Waltz. Although it eventually rose its way to prominence among high social circles, the Waltz, with its emphasis on rotation and improvisational nature, required relatively little training to execute and scandalously exposed the bare ankles of the women participating. Despite the prevalence of lewdly exposed ankles, we will continue forward with teaching you the elegant and timeless Viennese Waltz.

DANCE LESSON—WEST COAST SWING

Fri 4:30 pm - 5:30 pm – **Arena** (*Oregon Ballroom 203/204*)

If you're thinking of the 1930s and 40s with a rowdy crowd of guys and gals jumping and jiving to classic tunes, then go look at East Coast Swing. West Coast Swing, while it maintains the common swing themes of syncopated rhythm and stylistic improvisation, has largely been adapted to modern music, with contemporary technique and a generally slower pace. It's the type of cool, smooth, and understated kind of style for that quintessential city slicker.

DANCE LESSONS—OPEN PRACTICE

Fri 9:00 am - 7:30 pm – **Arena** (*Oregon Ballroom 203/204*)

In addition to the specific dance lessons, we will be offering help for any particular dance step you may be having trouble with. Come ask us!

Each Pathfinder Society agent also works for one of several competing factions, all with their own motivations and secret agendas.

Play is organized into Seasons, throughout which the actions and achievements of you and your fellow Pathfinders create an ongoing storyline. Each season consists of numerous scenarios set in a variety of exotic locations across Golarion.

Adventures start on the hour starting at 10am! Players will decide on their quest at the start of the Adventure. The last Adventure will start at 1am each night.

A series of six Quests designed for 1st-level characters. Written by Brian Duckwitz, Cole Kronewitter, and Nicholas Milasich.

Bizarre phenomena have tormented the people of southeastern Ustalav for decades, and these events become stronger and more dangerous every year. Hoping to uncover the origins of these flashes of red lightning and spectral hauntings, Dr. Quolorum from the Sincomakti School of Sciences has set out with a team of able-bodied assistants. Can the PCs help the professor unlock the secret that dwells above Lantern Lake?

Phantom Phenomena includes six, 1-hour adventures that take the PCs to a superstitious village, a lightning-scarred woodland, an ancient Kellid monolith, a haunted manor, an occult university, and finally into the storm-choked mountains. Experience the adventures in any order to create a unique story.

PATHFINDER SOCIETY QUEST: THE SILVERHEX CHRONICLES (PFRPG)

A series of six Quests designed for 1st-level characters. Written by Josh Foster, Scott Sharplin, and Walter Sheppard.

When the daring half-orc scholar Ulisha enrages a noble family in the River Kingdoms, she contacts the PCs with a special deal: she will sell them a unique and ancient druidic relic at a steep discount to secure the gold she needs to pay off her bounty. By the time the PCs arrive to meet her, she has gone into hiding. However, she has left behind a journal full of profitable leads as a sign of good faith. Can the PCs recover this hidden wealth and claim the powerful Silverhex before an assassin finds their friend?

"The Silverhex Chronicles" includes 6 one-hour adventures that take the PCs to a graveyard in Gralton, a mist-choked forest in Ustalav, a brainwashed village in Razmiran, an ancient crash site in Numeria, and the perilous city of Daggermark. Experience the adventures in any order to create a unique story.

PATHFINDER SOCIETY QUEST: FANE OF FANGS (PFRPG)

A Pathfinder Society Quest designed for level 5 characters written by Nathan King.

Long ago, the daemoniac harbinger Anogetz nearly conquered Southern Fangwood with an army of mad beasts, but a miracle from the hunter god Erastil staved off disaster. Thieves made off with the holy relic keeping the daemoniac energies sealed, and now it's up to the PCs to return the relic before the evil force awakens and marches once more.

"Fane of Fangs" utilizes content from Pathfinder Unchained and includes 4 pre-generated level 5 Unchained characters.

PATHFINDER SOCIETY QUEST: HONOR'S ECHO (PFRPG)

A series of six Quests designed for 1st-level characters. Written by Eleanor Ferron, Jenny Jarzabski, and Landon Winkler.

The grand Taldan Empire once controlled half of Avistan, but during the Even-Tongued Conquest, it could not manage an ongoing war with both its neighbor Qadira and the secessionist rebels in its outer provinces. As Taldor struggled to control its crumbling territories, its monarchs sought scapegoats for its failures, including the righteous war hero Countess Honaria Alcasti. Stripped of its nobility, her family has survived in obscurity for seven hundred years. However, her descendant Remaio has identified evidence that might redeem the Alcasti name and his ancestor's honor. Can the PCs help exonerate her name and bring glory to Taldor once more?

"Honor's Echo" includes six, 1-hour adventures that take the PCs from the verdant wilds of Andoran to the arid wastes of Qadira to the cultural heart of Taldor itself. Experience the adventures in any order to create a unique story.

Event lines

Kumori-Passes: Kumori-Passes are exclusive bonuses given to attendees registered at our official hotel room blocks. Each Kumori-Pass may be used one time for priority entry into any event in the "Main Events" or "Arena" rooms, subject to seating availability. To gain priority seating, you must be in the Kumori-Pass line before the start time of the event. Late arrivals must use the non-pass-holder line. Once all Kumori-Pass-holders have entered, the non-pass-holders may enter.

30-minute line rule: Please don't line up more than 30 minutes ahead of any event.

Need assistance?

Disability assistance: When registering for or checking in to the convention, members requesting disabilities accommodation can skip the regular registration line and receive service at the Registration management desk. Please visit the Yojimbo Office for further disability accommodations throughout the convention.

Animals: The Oregon Convention Center prohibits all animals on its campus. This includes therapy or anxiety pets. Only animals trained to provide assistance to an individual with a disability, through a specific action, are allowed. For any official Kumoricon programming held outside the Oregon Convention Center, the policies for the venue where that programming is held apply.

Lost and found: Lose your badge, phone, or wallet? Find a fellow attendee's lost item? Please pay us a visit in the Yojimbo Office. If we don't have your lost badge, Registration can reprint it for you, but there may be a fee.

Info booth: Most convention questions can be answered at one of our info booths.

Harassment concerns? Flag down a nearby staff member, or visit the Yojimbo Office to discuss or report an incident or concern.

Harassment and offensive behavior

We want Kumoricon to be a safe and comfortable place. Harassment and offensive behavior are prohibited. This includes:

- Unwanted physical contact
- Threats
- Heckling or jeering, either to a person or at an event
- Staying near another person who has asked you to leave
- Repeatedly following another person
- Any form of rude, offensive, or disruptive behavior

Other banned conduct in convention space

- Consumption of alcohol (unless presented at an official convention event), drugs (including marijuana), smoking (including e-cigarettes), or intoxication
- Lewd conduct
- Unsafe behavior, including real or play fighting
- Selling or soliciting items or services
- Distribution of flyers or literature

Photography

Be polite with your camera and how you conduct your photography or video recording. Photography and video recording are generally permitted, except when:

- The subject asks you not to or attempts to leave upon seeing the camera;
- A reasonable person would know the subject would probably not want to be photographed under the circumstances;
- A panelist or event asks you not to, or a sign prohibits it;
- In viewing rooms, or art in the Art Show or Artist Alley (except with prior artist permission)

Female

Male

Cosplay, clothing, and coverage

Costumes or outfits must cover...

For females: The groin, complete buttocks, and sides of the breasts

For males: Equivalent of a shorts-style swimsuit

Private parts must be fully covered and not visible or simulated.

Masks or face coverings may not be worn in registration areas or hotel lobbies.

Footwear must be worn covering the bottom of the feet.

The following is not allowed in convention space:

- Signage or clothing containing profanity, explicit or graphic language, slurs, insults, threats, solicitations, or room party advertisements
- Costumes or props which are vulgar, obscene, graphic, or sexually themed
- We may limit offensive or disruptive costumes, props, signs, or clothing in our sole discretion

Prop and weapon safety

Banned items:

- Real firearms or ammunition (no exception for concealed carry)
- Functioning projectile weapons, devices, or toys, including items meant to be thrown
- Firearms or projectile items that look like they could be functioning from 10 feet away, even if they are non-functioning or are replicas
- Paddles (all varieties—including “yaoi” or “yuri” paddles)
- Live steel (sharp enough to cut)
- Potentially dangerous props which are not part of a bona fide costume
- Props wide or long enough to inhibit traffic

Peace-bonding: Any item or prop that **could** be used as a weapon, could be dangerous, or **appears** to be dangerous (even if it’s not), must be peace-bonded. Peace-bonding is an agreement to carry your prop safely, and requires signing an acknowledgement of the requirements of safe carry. A staff member will attach a peace-tie to your item which signals to all staff that your item has been reviewed.

Where? Peace-bonding will be conducted near the registration area and in the Yojimbo Office.

Examples of items requiring peace-bonding:

- Toy sword made of foam
- Replica sword made of dull steel
- Replica firearm

Examples of items not requiring peace-bonding:

- Purse
- Bag

Prop conduct:

- Do not brandish or wave around prop weapons

- Prop firearms and blades must always stay holstered, slung, or sheathed, except while posing for photos

Special exception for disabled projectile items: Projectile items or replica firearms are allowed **only** if they are, or have been made, permanently non-functional. “Permanently” means it is not possible to repair or restore the item to functionality. In most cases this means the item must be filled with glue and all moving parts rendered immobile.

Purchased items: If you buy a prop in the Exhibits Hall or Artist Alley, remember to get it peace-bonded, if needed. Also, exhibitors occasionally sell a few things that you can’t carry around the con at all, like live steel swords. If you buy one of these, you need to immediately take it off-site or to your hotel room.

Violations

Any violation of this code of conduct or illegal action may be handled by a warning, temporary convention suspension, permanent membership revocation, or longer ban, in our sole discretion.

Allowable activity at the convention is at our sole discretion. If an authorized staff member tells you to stop doing something, remove an item, or leave an area, then it has the weight of this code of conduct, even if it’s not printed in this code of conduct.

Changes

This code of conduct may be changed without notice. <https://www.kumoricon.org/code-of-conduct> will always contain the latest version, and printed copies will be given upon check-in to the convention.
