New Assistant Director!

Big special welcome to Purps (he/them), my new assistant director joining Leon and I on the Infrastructure exec team.

I'm very excited to have them on board! Please give him a warm welcome to the team as he adjusts and learns with us.

Infrastructure has been hard at work on getting answers and solutions to people, scheduling meetings, and getting important annual Spring work cranked out like our KumoriMarket applications all juried.

It has been a really busy month with a lot on our plates but as more people get rehired and trained, and as we reach an ever nearing end to processing all our incredible applicants - we will be getting speedier at getting everybody's needs met.

If you would like to join our ever growing team, please check out our open positions at kumoricon.org/open-positions
